

Snow Day Bingo

2nd Grade

Our *first* snow day will be counted as a virtual learning day in place of using a calendar make-up day. On the first snow day, students will be expected to complete a 'BINGO' on the board below by completing an activity from each column. Students may go get a BINGO ACROSS or DIAGONALLY. Please bring the completed bingo board and activities into class on the next school day. Enjoy the extra time off and have fun!
